

SKILLS

Programming Language	Python, Golang, C, C++, Javascript, SQL
Frameworks	Django, Django Rest, Gin, React
Database	PostgreSQL, MongoDB, Redis
Cloud	AWS(EC2, IAM, S3, Lambda, EventBridge, SQS), FCM
Tools	Git, Jira, Trello
Familiar	Docker
Soft Skills	Effective Communication, Critical and Creative Thinking, Willingness to learn

PROFESSIONAL EXPERIENCE

Present March 2024	Software Engineer Strativ AB , DHAKA, Bangladesh ➤ Played an integral role in the backend development team, contributing to API development, requirement analysis, project architecture design, and more. Python Django Django Rest PostgreSQL Git Docker
February 2024 July 2022	Software Engineer Brain Station 23, DHAKA, Bangladesh ➤ Played a pivotal role in the development of a customer portal for TEQ customers called BusBusiness, focusing on enhancing user engagement and streamlining client services. ➤ Took full ownership of one core service. ➤ Designed and implemented a secure API gateway using AWS API Gateway, ensuring compliance with strict policy and permission standards. ➤ Utilized AWS Lambda and EventBridge to automate workflows and integrate real-time data processing, significantly improving operational efficiency. ➤ Contributed significantly to the development of BusNetwork, participating in building APIs and writing code within a serverless architecture. Python Django Django Rest AWS Lambda AWS EventBridge AWS API Gateway PostgreSQL
June 2022 June 2021	Associate Software Engineer Brain Station 23, DHAKA, Bangladesh ➤ Led the successful migration of the system from version 3 to version 4, ensuring seamless integration. ➤ Managed and took full ownership of VisualPlanner, a <i>highly business-valued feature</i>, overseeing all aspects of its development and maintenance. ➤ Developed and maintained a high-performance policy service using Golang. ➤ Developed planning service using golang which is 10x faster than previous service ➤ Optimized system performance by 50% using query optimization throughout the system Python Django Django Rest GO GIN GIT Docker AWS PostgreSQL Scrum JIRA MongoDB FCM
May 2021 December 2020	Associate Software Engineer Gray Space IT, DHAKA, Bangladesh ➤ Migrated existing project to Django Rest Framework ➤ Lead multiple features development including database and architecture design ➤ Increased system performance by 35% doing code optimization ➤ Implemented a subscription model using Stripe payment gateway system ➤ Wrote 2 reusable services for FCM and S3 which is plug-able in any other projects ➤ Wrote custom authentication backend for managing authorization in a controlled way ➤ Developed timeline calendar using React which is portable and capable of sync live time ➤ Implemented notifications functionality using FCM that is currently using by 1k+ of users/day Python Django Django Rest PostgreSQL S3 Stripe React Firebase FCM

CERTIFICATIONS

2021	Professional Scrum Master™ I (PSM I)
2021	The Ultimate Docker Course
2022	Advanced Django : Building a Blog

HONORS AND AWARDS

- 2019 Champion at CSE Fest Programming Contest - Group
- 2019 Champion at CSE Fest Programming Contest - Individual
- 2018 Runners up at ICT Carnival Programming Contest
- 2017 Champion at Take-off programming Contest, Summer'17

TEACHING AND MENTORING

- | | |
|---------------|---|
| December 2018 | ACM Co Chair, CONTEST ORGANIZER, Lead |
| January 2018 | <ul style="list-style-type: none">> Facilitated ACM team to organize club events> Arranged programming contest titled DIU Take Off Programming Contest |
| <hr/> | |
| December 2019 | Lab Assistant, ACADEMIC, Evaluator |
| January 2019 | <ul style="list-style-type: none">> Assisted weaker students to overcome their weaknesses in programming> Assisted for evaluating performances of students |
| <hr/> | |
| December 2020 | Student Prefect, SUPERVISION, Trainer |
| January 2019 | <ul style="list-style-type: none">> Supervised more than 1500 students for competitive programming (C, C++)> Trained on OOP, Data structure and Algorithms |

EDUCATION

- | | |
|---------------|--|
| January 2017 | BSc in Computer Science and Engineering, Daffodil International University, |
| December 2020 | CGPA : 3.83 out of 4 |
